MISSION STATEMENT

The mission of the West Bolivar Consolidated School District is to cultivate collaboration with our communities to create an environment where all students will have the opportunity to attain the highest level of achievement in all areas

VISION STATEMENT

The vision of the West Bolivar Consolidated School District is to provide an optimum learning environment that will enable all students to become productive members of society.

~Greetings from your Superintendent: ~

Dear Parents, Students, Community, and WBCSD Supporters:

It is with great excitement that I embrace this opportunity to serve the staff, students, parents, and strategic partners of the West Bolivar Consolidated School District. It is a very humbling experience to have grown from a first-year teacher in Bolivar County in 1999, to now serving as your superintendent. Our mission and vision statements in WBCSD have charged us to ensure that our students are high-achieving, productive members of society, and we will do just that!

This school year, we will work to significantly improve each school's performance rating, but our focus will be preparing our students for the **Big Four: Enrollment, Employment, Enlistment, and Entrepreneurship.**

Our students deserve for us to “get it right,” and to do that, we will have to work together. We do not have a moment to lose. We must work intentionally to maximize our time, resources, and talents. I am looking forward to meeting you all and to a wonderful first year as your superintendent.

Stronger Together,

*Mr. John I. Taylor, Superintendent
West Bolivar Consolidated School District*

EVERY STUDENT SUCCEEDS ACT

Students who attend a district school identified for improvement, corrective action or restructuring under the Every Student Succeeds Act of 2001 may, as required by law, transfer to another public school in the district which has not been identified for improvement or as persistently dangerous.

Additionally, students who attend a district school identified as persistently dangerous, or who are victims of a violent criminal offense occurring in or on the grounds of the school the student attends, may transfer to a safe public school in the district that has not been identified as in need of improvement.

The Board recognizes there may be circumstances that arise under the Every Student Succeeds Act of 2001, when it is necessary to release a student who resides within the boundaries of the district to attend school in another district that agrees to accept the student. [No other inter-district transfer of resident students will be permitted.] [Inter-district transfers of resident students for other purposes may be permitted, subject to criteria established by the district.]

The superintendent will develop administrative regulations, as necessary, to implement these requirements under the Every Student Succeeds Act.

Such policy shall be based upon the employment needs of the district, implemented according to job classification groups and renewed each school year.

3. The employer transferee school district shall notify in writing the school district from which the pupil or pupils are transferring, and the school board of the transferor school district shall spread the same upon its minutes.

4. Any such agreement by school boards for the legal transfer of a student shall include a provision providing for the transportation of the student. In the absence of such a provision the responsibility for

transporting the student to the transferee school district shall be that of the parent or guardian.

5. Any school district which accepts a student under the provisions of this subsection shall not assess any tuition fees upon such transferring student in accordance with the provisions of Section 37-19-27, MS Code of 1972. ' 37-15-31 (2)

ADJACENT SCHOOL DISTRICTS

Upon the petition in writing of any parent or legal guardian of a school-age child who is a resident of an adjacent school district residing in the geographical situation described in Section 37-15-29(3), Mississippi Code of 1972, the school board of the school district operating the school located in closer proximity to the residence of the child shall consent to the transfer of the child to its district, and shall spread the same upon the minutes of the board. 5. TESTING

All students seeking to transfer from any school, public, private or homeschool, within or outside of the boundaries of the State of Mississippi, to this school district may be required to take a standardized test to determine the grade and class to which the pupil shall be assigned at the time of pupil transfer.

The administrative head of each public school shall administer the test or tests to such pupil or pupils as shall apply for transfer to such public school. Such test or tests shall be administered within thirty days after the filing of each such application to transfer. Notice of the giving of such test shall be given the applicant not less than five days prior to the date of the administration of such test.

No pupil shall be assigned to a grade and class more than three (3) grades above or below the grade or class that the pupil would have been assigned to had the pupil remained in the school from which the transfer is being made. Pending the administration of the test herein provided for and its grading and an assignment based thereon the superintendent of this school district or the attendance center principal to which the pupil seeks admission may assign the pupil temporarily to a grade and class comparable to that in which the pupil would have been had the pupil continued in the school from which the transfer was being made. ' 37-15-33 7.

6. TESTING WAIVER

If any student is transferred or reassigned within the school district by order of the school board of this school district as designated by law of the State of Mississippi and not at his own request, the requirement of that pupil's taking the standardized test shall be waived. Likewise, if a pupil shall transfer from one school district to another school district in

the manner provided and required by the laws of the State of Mississippi, the requirement of such pupil taking the standardized test shall be waived. ' 37-15-33

The school boards of the school districts which approve the transfer of a student under the provisions of Section 37-15-31 shall enter into an agreement and contract for the payment or nonpayment of any portion of their local maintenance funds which they deem fair and equitable in support of any transferred student. Except as provided in 37-151-93, subsection (2), [see item (9) below] local maintenance funds shall be transferred only to the extent specified in the agreement and contract entered into by the affected school districts. The terms of any local maintenance fund payment transfer contract shall be spread upon the minutes of both of the affected school district school boards. The school district accepting any transfer students shall be authorized to accept tuition from such students under the provisions of Section 37-15-31(1) and such agreement may remain in effect for any length of time designated in the contract. The terms of such student transfer contracts and the amounts of any tuition charged any transfer student shall be spread upon the minutes of both of the affected school boards. 8. BASE STUDENT COST

Local maintenance funds shall be paid by the home school district to the transferee school district for students granted transfers under the provisions of Sections 37-15-29(3) and 37-15-31(3), Mississippi Code of 1972, not to exceed the "base student cost" as defined in Section 37-151-5, Mississippi Code of 1972, multiplied by the number of such legally transferred students. STUDENT POLICIES AND PROCEDURES

STUDENT CONDUCT – WBCSD Policy – JCA

The term "minor" when used in any statute, shall include any person, male or female, under twenty-one years of age. MS Code ' 1-3-27

Every Student Succeeds Act

All employees will be provided with an explanation of both their responsibilities and their rights under law in terms of actions they may take to maintain order, discipline, and an appropriate educational environment. Training will be provided that defines approved actions, and informs employees that they may be liable for harm when they engage in criminal, grossly negligent or reckless conduct, or act with flagrant indifference to the rights and safety of another person who suffers harm as a result. The superintendent will develop rules that prescribe the circumstances under which the district administration and/or parents/guardians are to be notified of actions taken, any written documentation of actions taken that is necessary, and other appropriate procedures including staff training.

A student code of conduct, developed under the leadership of the district administration, and in cooperation with staff, will be made available and distributed to parents and students outlining student conduct expectations and possible disciplinary actions, including consequences for disorderly conduct, as required by the Every Student Succeeds Act (ESSA). In addition, each school may publish a student/parent handbook detailing additional rules specific to that school. *[All rules applying to student conduct shall be posted in a prominent place in each school building.]*

Students in violation of Board policy, administrative regulation and/or code of conduct provisions will be subject to discipline up to and including expulsion. Students may be denied participation in extracurricular activities. Titles and/or privileges available to or granted to students may also be denied and/or revoked (e.g., valedictorian, salutatorian, student body, class or club office positions, senior trip, prom, etc.). A referral to law enforcement may also be made.

SECONDARY SCHOOLS

The administration of each school is based on the theory that junior and senior high students are young ladies and young gentlemen and, as such, should be capable of conducting themselves in accordance with accepted standards of conduct. Every student is expected at all times to keep in mind that his conduct should not interfere with others, rather that it should be an example to others.

The primary emphasis of this school system is to provide the best quality education for the boys and girls of the district. The school system feels strongly that a basic prerequisite for any successful instructional program is that a clear understanding of the operation is based upon the policies and resulting rules. Therefore, it is imperative that policies and resulting rules be understood and followed without exception.

ELEMENTARY SCHOOLS

Helping children to develop self-discipline and to conduct themselves in an acceptable manner is a major behavioral objective of the school as well as of the home. Parents may assume that a student's behavior is satisfactory or better unless they are notified by telephone or by

letter. In most cases it is believed that the call or letter will suffice -- if not, the parents may be asked to come to the school for a conference in order to affect an acceptable solution to the problem.

The school will expect and demand nothing less than good conduct on the part of students. It is believed that the above described procedure will be effective in achieving a desirable learning atmosphere and in guiding students toward assuming a greater degree of responsibility for their behavior. It should be fully understood that any student whose conduct interferes with the learning process of others will be removed from the classroom and dealt with accordingly.

GENERAL RULES OF STUDENT CONDUCT

1. Students are expected to conduct themselves in all school activities in such a manner that will promote development rather than inhibit it.
2. A teaching situation which is conducive to learning must be maintained. Therefore, any student whose actions make it impossible for the teacher to devote full attention to the class may be disciplined, including but not limited to being sent to the principal's office. The counselor and principal will review the case and try to resolve the problem. A student who has been sent from class repeatedly may be suspended from school or subjected to other disciplinary actions.

STUDENT DISCIPLINE – WBCSD – Policy JD

An organized disciplinary program supports teachers' efforts to teach and addresses the growth of positive student attitudes and behavior. The board has responsibility and authority to establish school rules and procedures for the purpose of maintaining a non-disruptive educational environment.

The discipline policies of this District are in compliance with both federal and state law. The discipline policy incorporates the student code of conduct required by Policy JCB and the policies and procedures set forth in Policies JDA, JDB, JDC, JDD, and JDE and as supplemented by all others adopted subsequent thereto.

DISCIPLINE PLAN

1. The superintendent shall development a discipline plan which, upon board approval, shall be implemented and distributed to each student enrolled in the District. The parents, legal guardian or custodian of each student shall sign a statement verifying that they have been given notice of the discipline plan.
2. All discipline plans shall include, but not be limited to, the student code of conduct required by Policy JCA-Student Conduct and the following statements:
 - A. A parent, guardian or custodian of a compulsory-school-age child enrolled in this District shall be responsible financially for his or her minor child's destructive acts against school property or persons;

- B. A parent, guardian or custodian of a compulsory-school-age child enrolled in this District may be requested to appear at school by the school attendance officer or an appropriate school official, for a conference regarding the destructive acts of their child, or for any other discipline conference regarding the acts of the child.
 - C. Any parent, guardian or custodian of a compulsory-school-age child enrolled in this District who refuses or willfully fails to attend such discipline conference specified in paragraph (b) of this section may be summoned by proper notification by the superintendent of schools or the school attendance officer and be required to attend such discipline conference; and
 - D. A parent, guardian or custodian of a compulsory-school-age child enrolled in this district shall be responsible for any criminal fines brought against such student for unlawful activity occurring on school grounds or buses.
3. Any parent, guardian or custodian of a compulsory-school-age child who (a) fails to attend a discipline conference to which such parent, guardian or custodian has been summoned under the provisions of this section, or (b) refuses or willfully fails to perform any other duties imposed upon him or her under the law shall be guilty of a misdemeanor and, upon conviction, shall be fined not to exceed an amount as provided by law.
4. This District shall be entitled to recover damages in an amount not to exceed an amount as provided by law, plus necessary court costs, from the parents of any minor (7-17) who maliciously and willfully damages or destroys property belonging to this school district. However, this section shall not apply to parents whose parental control of such child has been removed by court order or decree.
5. A school district's discipline plan may provide that as an alternative to suspension, a student may remain in school by having the parent, guardian or custodian, with the consent of the student's teacher or teachers, attend class with the student for a period of time specifically agreed upon by the reporting teacher and school principal. If the parent, guardian or

custodian does not agree to attend class with the student or fails to attend class with the student, the student shall be suspended in accordance with the code of student conduct and discipline policies of the school district.

A copy of the school district's discipline plan shall be distributed to each student enrolled in the district, and the parents, guardian or custodian of such student shall sign a statement verifying that they have been given notice of the discipline policies of their respective school district. DISCIPLINE AND THE STUDENT WHO RECEIVES SPECIAL EDUCATION SERVICES

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline committee, if warranted, shall be administered consistent with the separate requirements of this code of conduct for disciplining students with a disability or presumed to have a disability. A student identified as having a disability shall not be disciplined for behavior related to his/her disability.

Students who receive special education services may be disciplined according to general school guidelines used for all students if no change in placement is required. When necessary, school personnel may remove a child for short periods of time to the extent that similar measures are applied to students who do not receive special education services, as long as the removal does not constitute a change in placement. Change in placement occurs when a child is removed for more than ten consecutive days or is subjected to a series of removals of more than ten days in a school year that evidence a pattern.

If a disciplinary action involving a recommendation for expulsion or other actions involving removal for more than ten days is considered, the IEP team must convene to determine whether the misconduct is a manifestation of the student's disability. This is referred to as a manifestation determination review (see below). Depending on the nature of the misconduct, a hearing may be conducted by a

Superintendent's hearing officer. Possible recommendations from the hearing may include:

- Placement in an interim alternative educational setting for up to 45 school days
- Referral to the IEP team for consideration for placement
- Return to school on probationary status
- Referral to School Board
- Referral to outside agency for appropriate services

To determine whether the child's misconduct was a manifestation of the student's disability, the IEP team must decide whether the conduct was caused by, or had a direct or substantial relationship to, the disability or that the behavior was the direct result of the failure of the school to implement the IEP. If the team determines that the behavior was not a manifestation of the student's disability, disciplinary procedures applicable to students who do not receive special education services may be used. If the team finds the student's misconduct was related to his or her disability, the procedural protections of IDEA apply to the case. If the parents disagree with a manifestation determination or a placement decision, they may initiate an appeal by requesting administrative review, mediation, or an expedited hearing.

If the behavior was a manifestation of the student's disability, The IEP committee must convene an IEP meeting to conduct a functional behavior assessment and behavior intervention plan to address the problem behavior either before or not later than ten days after taking disciplinary action involving a change of placement of more than ten days. If a student already has behavior plan in place, the IEP team must review the plan the behavior and modify them as necessary to address the behavior.

If a student who receives special education services:

- Carries a weapon to a school or to a WBCSD function under the jurisdiction of the West Bolivar Consolidated School District
- Knowingly possesses or uses illegal drugs including alcohol, or sells or solicits the sale of a controlled substance while at school or at a WBCSD function under the jurisdiction of the state
- Inflicts serious bodily injury upon another person at school or school event, school personnel may order a change in the placement of the

student to an appropriate interim alternative education setting for the same amount of time that a child who does not receive special education services would be subject to discipline but not for more than 45 school days

DISCIPLINARY PROCESS

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

Disciplinary action, when necessary, will be firm, fair, and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

- 1) The student's age
- 2) The nature of the offense and the circumstances which led to the offense
- 3) The student's prior disciplinary record
- 4) The effectiveness of other forms of discipline
- 5) Information from parents, teachers and/or others, as appropriate
- 6) Other extenuating circumstances

The disciplinary process for all students is intended to be instructional and corrective, not punitive. Behavior violations of the Student Code of Conduct are divided into four (4) classes: Class I, Class II, Class III, Class IV, and Class V. Each Class has disciplinary procedures which may be implemented by teachers and/or building principals.

CORPORAL PUNISHMENT – WBCSD – Policy JDB

Reasonable corporal punishment of a student is permitted as a disciplinary measure in order to preserve an effective educational environment which is free from disruption and is conducive to furthering the educational mission of the board. The superintendent shall establish and enforce rules and regulations governing the administration of corporal punishment which are consistent with the following requirements:

1. Corporal punishment shall be administered only after less stringent measures such as counseling, parental conferences and other forms of discipline have failed to produce the desired results, unless the conduct of a student is of such an extreme nature that corporal punishment is the only reasonable form of discipline under the circumstances.
2. Any corporal punishment shall be reasonable and moderate and may not be administered maliciously or for the purpose of revenge. Such factors as the size, age and condition of the student, the type of instrument to be used, and the amount of force to be used and the part of the body to be struck shall be considered before administering any corporal punishment.
3. Corporal punishment may be administered only by a school administrator.
4. When corporal punishment is administered, it shall be done in the presence of another school employee.

Except in the case of excessive force or cruel and unusual punishment, a teacher, principal or assistant principal shall not be civilly or criminally liable for any action carried out in conformity with state or federal law or rules or regulations of the State Board of Education or the local school board regarding the control, discipline, suspension and expulsion of students. The local school board shall provide any necessary legal

defense to a teacher, principal or assistant principal in any action which may be filed against such school personnel.

Corporal punishment administered in a reasonable manner by a principal or assistant principal acting within the scope of his employment or function and in accordance with any state or federal laws or rules or regulations of the State Board of Education or the local school board does not constitute assault, simple assault, aggravated assault, battery, negligence or child abuse. No principal or assistant principal so acting shall be named as an individual defendant or be held liable in a suit for civil damages alleged to have been suffered by a student as a result of the administration of corporal punishment, unless the court determines that the principal or assistant principal acted in bad faith or with malicious purpose or in a manner exhibiting a wanton and willful disregard of human rights or safety.

Corporal punishment means the reasonable use of physical contact by a principal or assistant principal as may be necessary to maintain discipline, to enforce a school rule, for self-protection or for the protection of other students from disruptive students. Corporal punishment in the form of paddling shall be witnessed at all times by at least one (1) school employee, and all other acts of corporal punishment, as defined herein, shall be witnessed at all times, if possible, by a school employee. DUE PROCESS – WBCSD – Policy - JCAA

A student who has been suspended or expelled or otherwise denied admission to attend school has the right to due process. All aspects, circumstances and records of the student's case shall be confidential and available only to authorized school officials dealing directly with the student or to the student's parents, legal guardians or attorneys for the student or for the Board. The following procedures provide notice and opportunity to be heard in such matters.

STEP ONE: INITIAL INFORMAL HEARING

Applies to: Suspensions of 10 days or less

Suspensions of 11 days or more

Recommendations of Expulsions

Denials of admission

1. An initial informal hearing is required in each case where disciplinary action may be taken against a student and where an expelled student makes application of readmission following the conclusion of the expulsion period. After an initial investigation appropriate under the circumstances, the principal, superintendent or designee shall:

1. Advise the student of the charges against him or reasons for non-admission;
2. Afford the student a full opportunity to respond; and
3. If the student denies the charges or contests the reasons for non-admission, explain the evidence in support thereof.

2. After the informal hearing, the principal may take the following actions:

- **SUSPENSION OF 10 DAYS OR LESS:**

The principal may issue to the student and legal guardian a notice of suspension no longer than 10 consecutive school days. The suspension is effective immediately and no further due process is required.

- **IMMEDIATE REMOVAL:**

The principal may immediately dismiss the student from school for the day when such is necessary to restore order, to protect the safety of the student or others and/or to resume normal school functions but when an immediate suspension is not or may not be appropriate. A student sent home under these circumstances

shall be instructed to return the following day with his legal guardian. Should the student not return as instructed, the principal shall mail a "Notice of Suspension" for 10 days or less, as appropriate.

- **IMMEDIATE SUSPENSION AND RECOMMENDATION OF EXPULSION:**

The principal or superintendent shall immediately suspend a student for 10 days or less and recommend expulsion when there is reason to believe that the student committed an unlawful or violent act, as defined or otherwise provided by District policy. The suspension shall be effective immediately, pending conclusion of due process on the recommendation of expulsion.

- **IMMEDIATE SUSPENSION AND RECOMMENDATION OF SUSPENSION OF 11 DAYS OR MORE/EXPULSION:**

The principal or the superintendent may immediately suspend a student for 10 days or less and recommend a suspension of 11 days or more or expulsion, as appropriate under the circumstances. The suspension shall be effective immediately, pending the conclusion of due process on the recommendation of long-term suspension or expulsion.

- **DENIAL OF ADMISSION:**

The principal or superintendent may recommend a denial of admission which shall be effective immediately, pending the conclusion of due process.

STEP TWO: APPEAL

Applies to: Suspensions of 11 days or more

Expulsions

Denials of admission

If after the initial hearing the principal or superintendent determines that a recommendation of suspension for 11 days or more, expulsion or other denial of admission is the appropriate disciplinary action:

1. The principal or superintendent shall give the student a written "Notice of Suspension and Recommendation of Expulsion/Non-admission and Statement of Rights" in a form provided by the superintendent for such purposes.

2. The notice shall contain a statement of the charges/reasons, advise the student of his rights to legal counsel, to present witnesses and to cross-examine witnesses presented against him and state the date, time and place for hearing. A copy of the notice will be hand-delivered to the student when possible and the original hand-delivered or mailed to the legal guardian.

3. A hearing before the District Disciplinary Committee shall automatically be scheduled no later than the tenth school day following the date of notice.

4. Pending the outcome of the hearing before the District Disciplinary Committee:

- The student may be offered temporary placement in the alternative school program when the counselor verifies the student's suitability for such program and, in such case, the hearing before the District Disciplinary Committee may be held at any appropriate time without application of the 10-day limitation. However, the District may not offer temporary placement when the offense upon which the action is based is gang or group-related fighting, violation of prohibitions against weapons or controlled substances, assault of a staff member or other unlawful or violent act.
- The student may be allowed to remain in school if the principal or, in the case of Non-admission, the superintendent determines that his continued presence is not detrimental to the normal functioning of the school program and, in such case, the hearing before the District Disciplinary Committee may be held at any appropriate time without application of the 10-day limitation.

5. The hearing will be before the District Disciplinary Committee:
 1. The Committee shall be composed of three or more school/district administrators, none of whom may be on the staff of the school from which the student is enrolled.
 2. The superintendent's designee will serve as the investigator, convener and administrative officer of the Committee but shall not vote.

6. The District Disciplinary Committee shall hear and consider all cases presented and is authorized to:
 1. To concur or not concur in the suspension, expulsion or non-admission recommendation;

 2. To confirm or specify the duration of a suspension of eleven days or more, to remove the suspension or expulsion or to recommend admission; and

 3. Subject to review and approval of the superintendent, to recommend limited or unlimited expulsion or non-admission to the board.

 4. The District Disciplinary Committee shall prepare a written summary of each case.

7. All expulsion and non-admission recommendations shall be subject to review by the superintendent and by the board.
8. After completing this appeal step, a parent, legal guardian or custodian aggrieved by a decision to suspend his child may request review of the decision by the board. A request for review must be submitted to the board within 2 days after receiving a decision at this appeal step.

STEP THREE: REVIEW BY THE SUPERINTENDENT

Applies to: Expulsions

Denials of admission

The superintendent shall review all recommendations by the District Disciplinary Committee or expulsions or denials of admission:

1. If the superintendent concurs in the decision of the District Disciplinary Committee, he shall submit the recommendation to the Board for final action.
2. If the superintendent does not concur in the decision of the District Disciplinary Committee, he may remove expulsion, assign an appropriate duration of suspension or recommend expulsion or, in the case of other denial of admission, recommend admission.
3. All recommendations by the superintendent of expulsions or denials of admission shall be subject to review by the board.

STEP FOUR: REVIEW BY THE BOARD

Applies to: Suspensions (only upon request by parents)

Expulsions

Denials of admission

The board shall, at its next regular or special meeting following the recommendation, review and take final action on all recommendations for expulsions, denial of admission and any requests for review of suspensions. (All reviews by the board concerning suspensions or expulsions are made on the record only). All consideration of student disciplinary actions shall be conducted in accordance with standard board procedure. All decisions by the board shall be final.

SCHOOL SEARCHES – WBCSD – Policy JCDA

The Fourth Amendment to the United States Constitution and Article 3, Section 23 of the Mississippi Constitution provides all people with the right to be secure in their persons, houses, papers, and effects against unreasonable searches. However, circumstances will arise where searches of students' persons, possessions, lockers, desks and vehicles will be necessary.

Administrators have the authority and obligation to exercise discretion in the implementation of this policy, balancing the District's responsibility to maintain discipline, order, and a safe environment conducive to education with the students' legitimate expectations of privacy.

1. REQUIREMENTS

All searches must be pre-approved by the superintendent, principal, assistant principal or acting principal. No other District employee may authorize a search except where an emergency situation exists.

At least two District employees must be present while a search is conducted. If, in the discretion of the administrator or employee conducting the search, the search is particularly intrusive, the person conducting the search and the witnesses, or at least one of them, should be the same sex as the student.

No student other than the student who is the subject of the search may be present during the search. All searches must be reasonable in scope.

2. SEARCHES PERMITTED

Searches are permitted as follows:

1. PERSON, POSSESSIONS, LOCKERS:

Searches of a student's person, possessions or lockers may be conducted if a District employee has prior individualized reasonable suspicion that a student has violated or is violating a District policy, school rules or regulations or the law and that the search will result in discovery of evidence of such violation.

2. DESKS, OTHER SCHOOL PROPERTY:

Searches of desks and other school property (except lockers) may be conducted at any time, with or without reasonable suspicion of a violation.

3. VEHICLES:

Searches of vehicles driven to school by or for students may be searched by visual inspection with or without reasonable suspicion of a violation. If a visual search results in individualized reasonable suspicion of a violation, a more intrusive search of the vehicle may be conducted at the direction of the principal.

4. CANINE SEARCHES:

The District may at any time utilize canines to search vehicles, possessions not on the student's person, desks, lockers and other school property, with or without reasonable suspicion of a violation. A canine response indicating the presence of contraband constitutes reasonable suspicion and a more intrusive search may be

conducted at the direction of the principal.

5. GROUP SEARCHES:

Caution shall be exercised when a search involving a number of students is conducted. In most instances, in order to justify a search, the District's reasonable suspicion must be particularized to an individual student. Exceptions to this requirement are appropriate only where the intrusiveness of the search is minimal, such as canine searches of lockers, desks or book bags or automobile searches, etc.

6. STRIP SEARCHES:

Under no circumstances will any school personnel conduct a strip search of any other person. For the purposes of this section, requiring the removal of an outer coat or jacket, or shoes and socks, shall not constitute a strip search. In the unlikely event that such a thorough search is warranted, the police should be summoned to the scene.

The building principal or the building principal's designee shall be responsible for the custody, control, and disposition of any illegal or dangerous item taken from a student. The building principal or his or her designee shall clearly label each item taken from the student and retain control of the item(s), until the items is turned over to the police. The building principal or his or her designee shall be responsible for personally delivering dangerous or illegal items to police authorities.

INTERROGATION OF STUDENTS SUSPECTED OF POSSESSION OR CONSUMPTION OF ALCOHOL

All authorized WBCSD staff have the authority to investigate the suspected consumption or use of alcohol or illegal substances on school property or at a school function. Such investigations may include (but are not limited to)

- Searching students lockers, desks, and other storage spaces
- Searching student clothing
- Questioning students
- Conducting prescreening tests (e.g. examining coordination, mannerisms, speech) and
- Using hand-held breathe test devices

3. DEFINITIONS

1. "Reasonable in scope" means that the degree of the intrusion must be consistent with the objective of the search. Factors to be considered in whether the scope of a search is reasonable include, but are not limited to, the following:

- The student's age, maturity, and sex;
- The nature or level of seriousness of the suspected violation; and
- The intrusiveness of the search, e.g. a canine search is less intrusive than a locker search; a locker search is less intrusive than a "pat down;" etc.

2. "Reasonable suspicion" refers to a flexible concept requiring the application of experience and common sense. Determinations of whether reasonable suspicion to support a search exists shall be made on a case-by-case basis with due consideration of all circumstances. In all cases, "reasonable suspicion" must be supported by articulable facts. Factors to be considered in making this determination include, but are not limited to, the following:

1. The reliability of the information indicating that evidence of a violation may be discovered;
2. The existence of reasonable suspicion that such evidence will be discovered;
3. The individualization of the suspicion toward the person to be the subject of the search;
4. The prevalence or seriousness of the problem to which the search is directed;
5. The exigency of the circumstances; and
6. In some circumstances, the student's history and record in school.

3. An "emergency situation" exists if the destruction of evidence or use of contraband is an immediate possibility. In such a case, an administrator must be notified immediately. However, if an emergency situation does not exist, employees should take steps to prevent the possible destruction of evidence or use of contraband while securing approval for a search.

4. DISCIPLINARY ACTION

If a search reveals grounds for a reasonable belief that a violation of a district policy, school rules or regulations or the law, the student will be subject to disciplinary action as provided by District policy.

5. POLICE SEARCHES

School officials are obligated to cooperate with law enforcement authorities who are validly carrying out their official duties. In such cases involving a student, the District shall make an immediate attempt to notify the student's parent, guardian, or custodian.

The principal or principal's designee shall attend the search if conducted on or about the school premises and shall take any disciplinary action necessary as a result of the search.

WBCSD officials are committed to cooperating with police officials and other law enforcement authorities to maintain a safe school environment. Police officials, however, have limited

- A search or an arrest warrant; or
- Probable cause to believe a crime has been committed on school property or at a school
- Been invited by school officials

Before police officials are permitted to question or search any student, the building principal or his or her designee shall first try to notify the student's parent to give the parent the opportunity

- They must be informed of their legal rights
- They may remain silent if they so desire
- They may request the presence of an attorney

AUTOMOBILE USE – WBCSD POLICY – JGFF

Driving on school roads and parking on school property is a courtesy offered to students and others by the school board.

The parking facilities located at the various school district buildings are not public parking areas and are to be used for school purposes only. School purposes include attendance at school activities or other school authorized activities which occur before or after the regular school day.

Violators may be charged with trespassing and/or vehicles towed at owners' expense.

Students reporting to any West Bolivar Consolidated School District school campus are not authorized to drive any kind of motor vehicle to school unless it has been pre-approved by the School Principal and Superintendent.

Students who drive to school must first submit valid proof of being a licensed driver, proof of valid insurance and registration. The parent/guardian must complete the proper paperwork at registration before a student will be allowed to drive to school.

Students must not drive staff members' cars during the school day or for school activities. Student parking is a privilege and is available for those students who have on file in the building principal's office a copy of his/her valid driver's license, and proof of insurance on the vehicle driven on campus. No students may leave the campus during the school day for any reason unless the building principal has consulted with the parent/guardian.

The Administration, obtaining suggestions from the local police department, shall establish rules and regulations to assure traffic safety. The West Bolivar Consolidated School District assumes no responsibility for damaged or vandalized vehicles.

Students shall not sit in or upon vehicles parked on the school campus.

Students shall be responsible for locking their vehicles upon arrival since the school district shall assume no responsibility for any loss.

Failure to abide by vehicle regulations may result in the loss of the right to bring a vehicle to school or other disciplinary action.

Student automobiles are subject to administrative searches.

CELL PHONES AND OTHER ELECTRONIC DEVICES – WBCSD – Policy JE

Cell phones (including SIM cards) and other electronic devices are not allowed at school. Any unauthorized items seen or heard during the school day will be confiscated by school officials and may result in disciplinary action. Violation of this policy will subject the student to the following consequence:

1st Violation – Phone and/or Electronic Device will be confiscated and a Parent/Guardian Conference with School Administrator will be scheduled

2nd Violation – Phone and/or Electronic Device will be Confiscated and Held for Remainder of the Term

3rd Violation – Phone and/or Electronic Device will be Confiscated and Held for the Remainder of the School Year

Only parent/guardian may retrieve the phone and/or electronic device. School officials are not responsible for lost or stolen items.

GANG ACTIVITY – WBCSD Policy - JCBB

This school district is committed to maintaining a safe school environment for its students and staffs. Students are expected to adhere to the school's and district's standards of conduct that promote wellbeing and supports the learning process. Gang activity will not be tolerated in any form. Where gang activity is suspected or confirmed a complaint will be filed in accordance with the "Mississippi Street gang Act" (MS Code '97-44-1 et seq.).

STUDENT BULLYING – WBCSD – Policy JDDA

The West Bolivar Consolidated School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, including social media ,or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that

(a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits. A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The West Bolivar Consolidated School District will make every reasonable effort to ensure that no student or school employee is subjected to bullying or harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against a victim, witness or a person with reliable information about an act of bullying or harassing behavior. The District encourages anyone who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

Cyber stalking of another person within/on/proximate to school premises through the use of electronic/digital means/devices, as referenced above, such that the cyber stalking of one or more others negatively impacts or endangers the personal behaviors, practices, outlooks, emotional wellbeing, in-school performance of activities, etc. of those persons and/or others within, on, or proximate to school premises.

The School Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors. The procedures should be appropriately placed in District personnel policy handbooks, school

handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior.

The discipline policies and procedures must recognize the fundamental right of every student to take “reasonable actions” as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing.

Furthermore, the West Bolivar Consolidated School District defines “reasonable action” as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior.

PROCEDURES STUDENT BULLYING – WBCSD Policy – JDDA-P

STUDENT COMPLAINTS OF BULLYING OR HARASSING BEHAVIOR

Students and employees in the West Bolivar School District are protected from bullying or harassing behavior by other students or employees. It is the intent of the Board and the administration to maintain an environment free from bullying and harassing behavior. This complaint procedure provides a process for filing, processing and resolving complaints of such conduct. Adherence to these procedures is mandatory. The failure of any person to follow these procedures will constitute a waiver of the right to pursue a complaint at any level, including review by the Board.

I. Definitions

Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, including social media, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially

interfering with or impairing a student's educational performance, opportunities or benefits. A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

II. Procedures for Processing a Complaint

Any student, school employee or volunteer who feels he/she has been a victim of bullying or harassing behavior, or has witnessed or who has reliable information that a student, school employee or volunteer has been subject to bullying or harassing behavior shall report such conduct to a teacher, principal, counselor or other school official. The report shall be made promptly but no later than five (5) calendar days after the alleged act or acts occurred. The school official shall complete a "Bullying/Harassing Behavior" complaint form which shall include the name of the reporting person, the specific nature and date of the misconduct, the names of the victim of the misconduct, the names of any witnesses and any other information that would assist in the investigation of the complaint. The report shall be given promptly to the principal or superintendent who shall institute an immediate investigation. Complaints against the principal shall be made to the superintendent and complaints against the superintendent shall be made to the Board chairman.

The complaint shall be investigated promptly. Parents will be notified of the nature of any complaint involving their student. The District official will arrange such meetings as may be necessary with all concerned parties within five (5) working days after initial receipt of the complaint by the District. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be

reduced to writing. The District official conducting the investigation shall notify the victim and parents as appropriate when the investigation is completed and a decision regarding disciplinary action, as warranted, is determined.

If the victim is not satisfied with the decision of the District official, he/she may submit a written appeal to the superintendent. Such appeal shall be filed within ten (10) working days after receipt of the results of the initial decision. The superintendent will arrange such meetings with the victim and other affected parties as deemed necessary to discuss the appeal. The superintendent shall provide a written decision to the victim's appeal within ten (10) working days.

If the victim is not satisfied with the decision of the superintendent, a written appeal may be filed with the Board. Such appeal shall be filed within ten (10) working days after receipt of the decision of the superintendent. The Board shall, within twenty (20) working days, allow the victim and parents as appropriate to appear before the Board to present reasons for dissatisfaction with the decision of the superintendent. The Board shall provide a written decision within ten (10) working days following the victim's appearance before the Board.

F. If, after an investigation, a student is found to be a victim of bullying, such student shall not face disciplinary action on the basis of that student's use of "reasonable self-defense was in response to the bullying."

G. If the victim of bullying is a student with disabilities, disciplinary action for the offender shall comply with the requirements of federal law including the Individuals with Disabilities Education Act (20 USCS Section 1400 et seq.)

The school district shall maintain and make available a list of counseling services to any student who is a victim of or a witness to bullying, or who engages in bullying. The following list of the types of counseling and support services are available to any victim of or a witness to bullying. This list is presented as a guide that by no means limits this school district from including other additional support services.

THE DISTRICT WILL PROVIDE ACTUAL COUNSELING OPTIONS AS OFFERED BY

THE DISTRICT:

- *School/District Counseling*

ACADEMIC AND INSTRUCTIONAL PROGRAMS

STUDENT ATTENDANCE, REPORTING OF STUDENT ATTENDANCE, TARDINESS AND EXCUSES – WBCSD Policy - JBD

The school board believes that good attendance, with a minimum of tardiness and absenteeism, is essential if students are to gain maximum benefit from the school district's instructional program. The school board thusly directs the superintendent to develop administrative regulations governing tardiness and absences (excused and non-excused).

The administrative regulations shall be based on all applicable state laws governing absenteeism and tardiness and shall include (but not limited to) the counting and reporting of students to the Mississippi

Department of Education for attendance purposes, expectations for

good student attendance, parent responsibility, excused and unexcused absences, and tardiness. Initial administrative regulations and any future changes to such administrative regulations shall be approved by the school board before implementation.

ATTENDANCE, EXCUSES, AND TARDINESS

Attendance Reporting: In order for a student to be considered as having attended school for a full day, the school board specifies that each student must be present for 63% of his or her individual Instructional day as fixed by the local school board for each individual school. For purposes of reporting absenteeism, a student who has an absence that is more than thirty-seven percent (37%) of the student's instructional day, as fixed by the school board for the school at which the student is enrolled, shall be considered absent the entire school day.

Definitions:

Full Day Attendance: When a student is present for 63% of his or her individual Instructional day as fixed by the local school board for each individual school.

Unlawful Absence: An absence for an entire school day or during part of a school day when such absence is not due to a valid excuse.

Students are expected to be in attendance ALL 180 school days, for academic growth and success are based upon regular attendance. A student who is in school cannot be absent from class without permission of the building principal or his/her designee. Students must attend a full day of school in order to participate in or practice for any school related activities scheduled for the day.

Absences due to disciplinary suspension from school are not considered unexcused for compulsory attendance and are not unexcused absences under this policy

MAKE-UP WORK

It is the student's responsibility to make up work due to an absence. All work shall be made up for excused absences.

- Make-up shall begin immediately upon the return of the student to school and should be completed within three (3) school days unless special permission is granted by the building principal.
- A teacher may grant permission for a student to make-up work
- Any work not made up shall be considered unexcused. A grade of zero (0) may be given for each assignment missed.
- Any student suspended from school shall be allowed to make-up work within three (3) days of the student's return to school
- Any pre-announced work or tests missed due to absence shall be made up on the day the student returns to school.
- Work missed from school due to disciplinary suspensions must be made up. (This procedure does not apply to the State Testing Program). However, assignments will be dropped one (1) letter grade.

Absentee Limits -There shall be limits to the number of days in each grading period that any student may be absent or tardy and still receive grades for the grading period.

- When the absences are excused, the building principal of each school shall have the right to use their professional judgment to make exceptions to the attendance limit in any one grading period
- Perfect attendance will include no absences (excused or unexcused), tardies, and/or dismissals from school. Exceptions shall be bus tardiness or school sponsored field trips or other school– sponsored activities

Excused Absences - For the purposes of this policy, an absence shall be excused if it is due to one of the following valid excuses:

- Attendance at an authorized school activity with the proper approval of the superintendent of West Bolivar Consolidated School District or her designee
- Illness or injury which prevents the student from being physically able to attend school

- When isolation is ordered by the county health officer, by the State Board of Health, or appropriate school officer
- Death or serious illness of a member of the immediate family, which includes children, spouse, grandparents, parents, brothers, sisters, step-brother(s) and step-sister(s)
- A medical or dental appointment with prior approval of the superintendent or her designee, except in the case of emergency
- Attendance at the proceeding of a court or an administrative tribunal if the student is a party of the action or is under subpoena as a witness
- Observance of a religious event, with the prior approval of the superintendent or her designee. (Approval should not be withheld unless, in the professional judgment of the superintendent or her designee, the extent of the absence would adversely affect the student's education).
- Participation in a valid educational opportunity, such as travel including vacations or other family travel, with the prior approval of the superintendent or his designee. (Approval should be based on the professional judgment of the superintendent or his designee but shall not be withheld unless the extent of the absence would adversely affect the student's education
- Other conditions sufficient to warrant non-attendance, with prior approval of the superintendent or his designee
- Days missed from school due to disciplinary suspension shall not be considered an excused absence and shall not be counted as an unlawful absence.

Written Excuses:

In order to have an absence be excused, the student must present a signed written excuse from a parent, guardian, or doctor on the day the student returns to school. The excuse should contain:

- 1.) The date written
- 2.) Full name of the student
- 3.) The date(s) the student was absent
- 4.) The cause of the absence
- 5.) The signature of the parent, guardian, custodian, or doctor
- 6.) The phone number where parent, guardian, or custodian can be reached.

- Seven (7) absences per semester may be excused by the parent/guardian using the district's Excused Absence Form (Written Excuses)
- **Any** additional absence after the seven (7) excused absences by a parent/guardian note must be excused by a note from a doctor or other documentation excusing said absence

All absences other than those specified above shall be classified "unexcused." The privilege of making up work should be denied and a grade of zero (0) may be given for each day an absence is unexcused. Extenuating circumstances causing absences in excess of five (5) school days or five (5) class periods per grading period may be considered by the building principal and the superintendent on an individual basis. A parent, guardian, or custodian shall be notified in writing by the building principal on the approved form after the third (3rd) and fifth (5th) absence.

Students that receive three (3) unexcused absences will be required to have a conference with the building principal that will include the counselor, parent coordinator and parent. Students that receive five (5) unexcused absences will be reported to the school attendance officer. Doctor's excuses will not be accepted after three (3) days of a student returning to school from an illness.

It shall be the responsibility of the parent, guardian, or custodian to furnish to school officials, **no later than the close of business on the third (3rd) school day following the student's return to school**, sufficient and satisfactory documentation which supports a claim of extenuating circumstances.

Tardies - Promptness is a virtue that becomes a habit. The WBCSD Board of Trustees encourages the development of this habit. Students are expected to be in class, on time, each period. Tardiness to school caused by the following reasons shall be excused and not be recorded against a student:

- School transportation or other school-related actions

- Medical or dental appointments only if accompanied by a note from the physician, dentist or other medical staff, on their office letterhead
- Illness of the student if accompanied by a valid statement or note from the parent, legal guardian or custodian
- Special circumstances such as natural disasters, weather, traffic accidents, or other causes acceptable to the building administrator

Repetitive tardiness at the start of the day or during school hours may result in disciplinary actions such as parent conference, after school detention, in-school suspensions, or other disciplinary actions as deemed appropriate by school officials.

Early Dismissals - In order to maintain student safety, student dismissals will not be allowed during the last 30 minutes of the school day. Additionally, students will not be dismissed during a district or state testing period in order to avoid distractions and potential test security violations.

Leaving School - When it is necessary for a student to leave school early because of a doctor's appointment, etc., the student should present a note to the building principal and/or main office secretary at the beginning of the school day in order to receive a Special Excuse. The parent, guardian or designee must pick up his/her child from the front office and sign the roster when the student is leaving on a special excuse. STUDENTS CANNOT SIGN THEMSELVES OUT.

If returning to school on the same day as the special excuse, the student must report to the building principal's office IMMEDIATELY UPON HIS/HER ARRIVAL IN THE BUILDING. If not returning until the following day, the student must report to the building principal's office at 7:30 a.m.

GRADING SYSTEM – WBCSD Policy IHA

The established grading system is to communicate to parents a periodic evaluation summarizing significant factors of the student's adjustment in the total education program. The grading system is based upon student achievement and performance, bearing in mind that any system

incorporates both subjective and objective considerations in student evaluation.

Objectives

1. To motivate students to exert their best efforts in the learning process
2. To provide a uniform technique for converting numerical values to letter grades
3. To monitor each student's progress

Grading Scale

To evaluate student performance for the purposes of promotion, retention, or alternative programs. The following numerical values shall be used in determining letter grades.

PRE-KINDERGARTEN	KINDERGARTEN, ELEMENTARY, MIDDLE, & HIGH SCHOOL	
<i>U = Unsatisfactory progress</i>	90 – 100	A(Excellent)
<i>N = Needs Improvement</i>	80 – 89	B (Above Average)
<i>S = Satisfactory</i>	70 – 79	C (Average)
	60 – 69	D (Below Average)
	59 and Below	F (Failure)

*No numerical grades are given for students in Pre-K. Multiple criteria will be utilized to determine promotion/retention for Pre-K and Kindergarten students.

GRADE COMPUTATION

Daily Work Grade

All work such as chapter tests, weekly tests, reports, research papers, projects, portfolios, etc. will have a weighted average of 60% within the “Daily Work” category. All other work such as daily homework assignments, pop quizzes, and worksheets will have a weighted average of 40% within the “Daily Work” category. The two percentage values will be added together to form the “Daily Work” category.

Nine Weeks/Semester Grades

The daily work value will be given an overall weight of 60 percent. Nine weeks exams will be given a weight of 40 percent. The nine weeks test average and the nine weeks daily grade average will be combined to compute the student's nine weeks grade. **(Nine Weeks Grade = Daily Work (60%) + Nine Weeks Exam (40%)**

THE SEMESTER AND FINAL GRADES WILL BE TABULATED AS FOLLOWS:

- First Semester Grade
 - Average of 1st Nine Weeks and 2nd Nine Weeks
- Second Semester Grade
 - Average of 3rd Nine Weeks and 4th Nine Weeks
- Final Grade
 - Average of 1st and 2nd Semester Grades

NOTE: A nine weeks assessment will be given at the end of each nine weeks.

Valedictorian, Salutatorian, and Honor Graduate

Overview

The criteria for selection of the valedictorian and salutatorian will be based on all credit courses taken towards graduation. The student having the highest and second highest grade point average during his/her school period shall be recognized as Valedictorian and Salutatorian, respectively. A student must have attended the respective WBCSD high school for a minimum of four semesters, which is inclusive of their senior year (not including summer school), and must be completing a 4-year course of study, to be considered for valedictorian or salutatorian.

Transfer Students (Out-of-District)

In the event that number grades are not sent from a prior school and verification is present that efforts have been made to secure the number grades and these efforts have been unsuccessful, then transfer students' grades will be averaged using the midpoint grade. Grades/credits earned through home schooling and non-accredited schools will not count towards Valedictorian and Salutatorian.

Co- Valedictorians and Salutatorians

In selecting the valedictorian, if the grade point average of the top graduates is the same or is a difference of less than .03, then co-valedictorians will be named.

In selecting the salutatorian, if the second highest grade point average – after the valedictorian’s average is determined – is the same or is a difference of less than .03, then co-salutatorians will be named.

When co-valedictorians and co-salutatorians are named, they will be honored in alphabetical order.

Honor graduates must have an overall GPA of 3.0 or higher.

ASSESSMENTS

The WBCSD will use allowable testing accommodations when administering uniform basic skills tests to ensure that the tests are administered in a manner consistent with preserving the integrity and validity of the assessment program.

During each grading period, examinations and other means of assessments will be used by teachers to measure the progress students make in various subjects of study. The marks of A, B, C, D and F are used to represent an average of the student’s grades in each subject area for grades K-12. These grades are based on mastery of grade level objectives for each grading period. These marks correspond to the following qualities of work:

The WBCSD will use allowable testing accommodations when administering uniform basic skills tests to ensure that the tests are administered in a manner consistent with preserving the integrity and validity of the assessment program.

EARLY GRADUATION – WBCSD Policy - IFG

1. Early graduation involves the completion of all high school academic requirements in less than a traditional four-year program. Any high school student who completes the number of Carnegie units and other exiting standards required by both the state and the District may petition to graduate at the end of the first semester of senior year.
2. Early graduation will be permitted under circumstances where the student will benefit from early graduation. Early graduates may participate in the regular spring commencement ceremony.
3. The intent of this policy is to provide an opportunity for the student to improve his/her educational or vocational future by graduating from high school with less than eight semesters of attendance grades nine through twelve.
4. Written petition for early graduation must be made prior to the beginning of the student’s desired year of graduation.
5. The student may participate in spring graduation ceremonies. If the student chooses not to participate in the spring ceremony, the student will receive their diploma after the graduation ceremony has occurred.
6. Students who choose to participate in this program will be eligible for all traditional senior honors such as valedictorian, salutatorian, class favorite, Hall of Fame, etc...

CREDIT RECOVERY PROGRAM – WBCSD Policy - IDCAB

As a means of helping students get back on track toward graduation and to encourage students to remain in school, the West Bolivar Consolidated School District School Board shall offer a “Credit Recovery Program” which allows students within the West Bolivar Consolidated School District to earn credit for a course that was previously failed.

A student can earn only one (1) Carnegie Unit per school year from the date the student enters the 9th grade until the student’s cohort graduates through the West Bolivar Consolidated School District Credit Recovery Program for a maximum of four (4) units. The student must complete the coursework through the West Bolivar Consolidated School District Credit Recovery Program within one school term of the course failed. Clarity on the maximum units to be earned in one year and over a 4 year period.

“Credit Recovery” shall be defined as a course-specific, skilled based learning opportunity for students who have previously been unsuccessful in mastering content / skills required to receive course credit or earn promotion.

Credit recovery courses are to be used only for graduation requirements. Students must have had a grade of 50 or above in the course to participate in a credit recovery course and the credit recovery grade shall be factored with the original failing grade in order to determine the student’s final grade. A student who failed a course (such as English) may take the Credit Recovery Class in addition to the next level (of English) during the same school year.

Credit recovery courses shall be delivered via computer and online. The credit recovery course must be completed in nine weeks with 80 percent mastery. Teachers shall be trained to facilitate the online courses and the classes shall be asynchronous (students don’t have to be online at a certain time). Certified staff shall be used to facilitate online credit recovery.

The school district shall allow time during the school day and after school so that students may work on course material. Students shall be allowed to log on and work on course material from home. Credit recovery programs may also be held in the summer similar to extended school.

The credit recovery program shall include an assessment of individual student's strengths and weaknesses in regard to course content, and based on this assessment, the students shall complete instruction only on the course objectives which have not been mastered. Parents shall be counseled about providing resources and motivation for their children. Upon mastery of the objectives, the student shall receive credit for the course and may only receive the minimal passing grade on the West Bolivar Consolidated School District district's grading scale.

Justification for request:

This is part of the Office of Chief Academic Officer executive Summary (Feb. 18, 2015) that says "Beginning with the school year 2016-2017, a student who selects credit recovery to earn a Carnegie unit may only earn the minimal passing grade on the district's grading scale." This is because the credit recovery grade can be used for the state assessment concordance table for students to meet testing requirement should they have failed a state tested course.

Admission To and Removal from The Credit Recovery Program

Each participant shall complete and application process that requires—at a minimum—teacher recommendations, an outline of the course objectives that will be covered, mastery criteria, timelines for completion of the program and parental consent.

Summer School/Extended School Year may be available in the school district for Credit Recovery. If West Bolivar Consolidated School District does not offer Summer School/Extended School Year it may be possible to transfer Out of District Credit.
