

WBE Parent Note For Testing

Dear Parents and Guardians,

We have been working really hard this year and we will be taking our state standardized assessment very soon. All students will be required to take their assessment at school.

Here are some suggestions of things you can do to help your child/children prepare.

Sleep

Make sure your child/children get a good night's sleep before the test. This will help them to be cheerful and alert during the test.

Breakfast

Make sure your child/children eat breakfast at school or at home. Overly sugary things are not recommended. This will help them to have energy and stay focused during the test.

Encouragement

Please encourage your child/children to do their best. Please reassure them that they have been practicing and preparing for this the entire school year, and they are ready for the assessment.

Electronic Devices

Students are not allowed to bring phones, smart watches, fitness trackers or any electronic device, not even to keep in their backpack.

~The WBE test schedule is as follows ~

Virtual students please arrive no later than 8:00am on your test day

Kindergarten – End of Year MKas
April 20th – Mrs. Butler
April 23rd ~ Mrs. Short

3rd Grade
